

Website Special Terms & Conditions:

All website projects will have an agreed time frame for completion.

All website content (written text and graphics) is to be provided by the client before the start of development. If CRT Group is required to source content for the website project on the client's behalf, an hourly rate of R395.00 excluding VAT will be charged.

The website package amount is payable upfront via the CRT Group website and is non-refundable.

The client will have the option of five HTML website templates to choose from. Any alterations to the website template will be charged at an hourly rate of R395.00 excluding VAT. The above-mentioned alterations include layout changes, additional functionality and any change that requires custom code to be implemented.

CRT Group cannot be held financially responsible for any loss or damage which may occur through the client's website.

Website and email hosting is not included in the website package. A discounted hosting package is available. If the discounted hosting special is not selected, CRT Group's standard hosting package will be automatically assigned.

The client has the option of hosting at another service provider once the web design process is complete. It is the client's responsibility to arrange the hosting if another service provider is selected.

Stock Photos / Videos:

CRT Group has access to a library of stock photos and video footage. Please note the pricing of stock footage if required in your project:

- R10 per stock photo
- R30 per stock video footage

The number of stock photos/videos being used will be calculated and becomes payable before the website goes live.
